1. Images of Children - Parental Consent

Recognition and celebration of our students is an important element within JESS and occasionally we may take photographs of the children that attend our school. We may use these images in our school prospectus or in other printed publications that we produce, as well as on our website. We may also make video or webcam recordings for school to school conferences, monitoring or other educational use.

From time to time, our school may be visited by the media who will take photographs or film footage of a visiting dignitary or other high profile event. Pupils will often appear in these images, which may appear in the local or national newspaper, or on televised news programmes.
