

The ballet type shoe shown below are well outside the regulations and should be replaced immediately: they offer no support, quickly become scruffy and can be dangerous when using stairs around the school as they often also lack grip.

We hope this will make it easier for you to choose the correct type of shoes. However, if you have any queries, please feel free to contact the school for clarification.

Yours sincerely,

Assistant headteacher

## JESS Secondary School School uniform- Girls footwear

We would like your support with the implementation of purchasing appropriate footwear for your daughter for the start of the academic year as per our school policy.

School shoes should be black, leather with a solid heel of less than 4 cm.

The regulations concerning shoes are meant to be straightforward but, inevitably, there has been some uncertainty in the past. In order to clarify the regulations further, photographs have been included of those type of shoes that fit the regulations and those that do not.
